29 October 2021

To: All Tobacco Growers
cc: Contractors
Merchants
Agrochemical Companies

Dear Grower

AGROCHEMICALS APPROVED BY THE TOBACCO RESEARCH BOARD: 29 October 2021

The agrochemicals approved for use on tobacco by the Tobacco Research Board during the last quarter of 2021 are shown in Table 1. Any agrochemical not appearing in the table is either not currently countenanced by the TRB or has been removed from the list of approved agrochemicals based on the provisions of the new Pesticide Approval Scheme Service which came into effect on 1 July 2011. The list of agrochemicals which TRB no longer approves for use on tobacco and whose approvals will not be renewed are shown in Table 2.

As over 90% of the Zimbabwean tobacco crop is exported, the tobacco must meet stringent international agrochemical regulations for international acceptance and maintenance of markets especially in an increasingly competitive global market. In this regard, a number of agrochemicals have been withdrawn from use on tobacco. Among these is Pendimethalin (a suckercide) which is no longer recommended for use on

tobacco due to high residues detected on cured leaf. Fortunately, effective alternative suckercides, Flumetralin, N-Decanol and Pelargonic acid are already registered for use by growers.

Should there be any queries regarding the above, or if further information on a particular product, is required, please feel free to contact Kutsaga Research Station's Crop Productivity and Plant Health Services Divisions on telephone (0242) 2575 289-94 or toll-free, 0800 4511 or Email: tobres@kutsaga.co.zw or visit Kutsaga Research Station, Airport Ring Road, Harare.

Yours faithfully,

A handwritten signature in black ink, appearing to read 'Zimazile Jazi', with a stylized flourish at the end.

Zimazile Jazi

TRB Pesticide Approval Scheme Service

TABLE 1: AGROCHEMICALS APPROVED FOR USE ON TOBACCO – 29 October 2021

TABLE 2: AGROCHEMICALS WHICH HAVE BEEN DROPPED FROM THE LIST OF TOBACCO-APPROVED AGROCHEMICALS

ACTIVE INGREDIENT	CATEGORY
Aldicarb	Nematicide
Acephate	Insecticide
Fenvalerate	Insecticide
Methamidophos	Insecticide
Monocrotophos	Insecticide
Thiodicarb	Insecticide
Benomyl	Fungicide
Alachlor	Herbicide
Dimethenamid	Herbicide
Metolachlor	Herbicide
Trifluralin	Herbicide
Butralin	Growth Regulant
Chlorpyrifos	Insecticide
Methomyl	Insecticide
Pendimethalin	Suckercide

Sent by Kutsaga Seeds as a service to growers to ensure sustainable and responsible tobacco production.
